### Charges Filed After Collision

Thomas Eugene Reeves, 33, of Lansing was arraigned in District Court on Tuesday, July 18, on three counts of negligent homicide. Reeves demanded a preliminary examination and waived the 12 day rule to enable his attorney to conduct an investigation.

Reeves is free on a \$15,000 (\$5,000 for each count) personal recognizance bond.

According to the Michigan State Police, Reeves was driving a semi-truck west on Higgins Lake Drive and failed to stop at the intersection of Higgins Lake Drive and Old 27. A second vehicle traveling north on Old 27 collided with the truck, killing three of its occupants and sending a fourth to Sparrow Hospital in Lansing.

### Juvenile Charged With 1st Degree CSC

A 14-year old juvenile from Saginaw was arrested on Monday, July 17, and charged with criminal sexual conduct in the first degree in connection with an incident in Crawford County on July 18.

The youth was a ward of the state on a weekend pass from a boys detention home in southern Michigan. He was in the detention home for similar charges. He was arrested by a Crawford County Sheriff deputy and was taken to the county's non-secure hold-over site until he could be transferred. He was vacationing with his mother in Crawford County.

The victim was an 11-year old girl from Highland.

### 4 Acres Burned Along Expressway

Department of Natural Resources firefighters helped to extinguish four small fires on Monday, July 17. Two of the fires burned about four acres along the north-bound lane of the expressway south of Grayling. Duane Brooks, DNR Fire Officer, said Sheriff deputies reported that the fires began as two separate fires and burned together.

DNR firefighters also assisted with two small fires on Camp Grayling ranges.

"Mop-up is taking an enormous amount of water because it is so dry," said Brooks. "The drought has cured the grass out, making the woods very dry." Brooks said the frost we had several weeks ago has compounded the dry situation by killing much of the ground vegetation.

Burning permits are being issued on a day-to-day basis, and only for fires after 6 p.m. Everyone is urged to use extreme care with all types of outdoor fires.

### Weyerhaeuser Donates \$22,800 For New GHS Stage, Sound System

The Weyerhaeuser Foundation has donated \$22,800 for a new GHS Auditorium sound system and stage floor. The professional sound system will include a wireless microphone. The stage floor was in need of replacement. Jim Wadsworth, from the Grayling Weyerhaeuser Structural plant presented the check to the Crawford AuSable School Board of Education at its June meeting.

## Sept. 12 Deadline Set for Ambulance Corps

If the City of Grayling and Grayling Township do not agree to begin paying a portion of the county ambulance's expenses by September 12, the Crawford County Ambulance Corps will be closed and all EMT's will be laid off. This decision was made by the Crawford County Board of Commissioners on Friday, July 14.

Lovells, Beaver Creek and a portion of South Branch townships are included in the financial proposal, but the Board agreed the Crawford County Ambulance Corp (CCAC) would be able to operate without support from these three townships by increasing the payments of the larger government units. However, the Board stated that units not participating in the proposed financial agreement, will not be served by the county ambulance service. These units will have to contract with a private service for their ambulance needs.

According to the county's proposal, "If the City of Grayling and Grayling Township do not agree to the proposed contract, any other unit's acceptance will become null and void."

The proposed financial agreement is for the remainder of 1989 (beginning July 15) and all of 1990. Participants would take an active part in redesigning the contracts beyond 1990.

The estimated cost per unit was based on each unit's State Equalization Value (SEV) percentage to the total participating units. The 1989 County Equalization Report will be used as the SEV basis for both 1989 and 1990 contracts.

The proposal estimated CCAC's revenue shortfalls for 1989 is \$53,534. Using the SEV formula, units would be assigned the following amounts: Grayling Township \$25,910, City of Grayling \$10,108, Beaver Creek Township \$7,880, Lovells Township \$7,313 and South Branch Township \$2,323.

Estimated revenue shortfalls for 1990 is: \$120,255 to be divided as follows: Grayling Township \$58,208, City of Grayling \$22,704, Beaver Creek Township \$17,702, Lovells Township \$16,427 and South Branch Township \$5,219.

About halfway through the discussion Commissioner Nelson leaned forward in his chair and asked, "Isn't this ironic? Beaver Creek didn't want to support the Georgia-Pacific tax abatement, but we refused to support them. We couldn't come out and say to Georgia-Pacific that we have needs," he continued, "and now here we are asking Beaver Creek for money. I don't think this is the way to do business."

The proposal provides for additional part time EMT's to cover the hours between 11 p.m. and 7 a.m., seven days a week, bringing staffed coverage to 24 hours per day. It is expected that parttime EMT's will be working as much as 40 hours per week.

The 1990 proposal includes \$12,000 for education costs to upgrade eight staff persons to Advanced EMT status. It is anticipated that \$8,000 of this expense will be recovered via EMT payroll deductions.

The proposal states that payments from participating units are to be deposited in the Ambulance Fund in advance on a quarterly basis. Payment for the period of July 15 through September 30, 1989, will be due on September 12.

The Ambulance Fund administrative board will be composed of representatives from each participating unit.

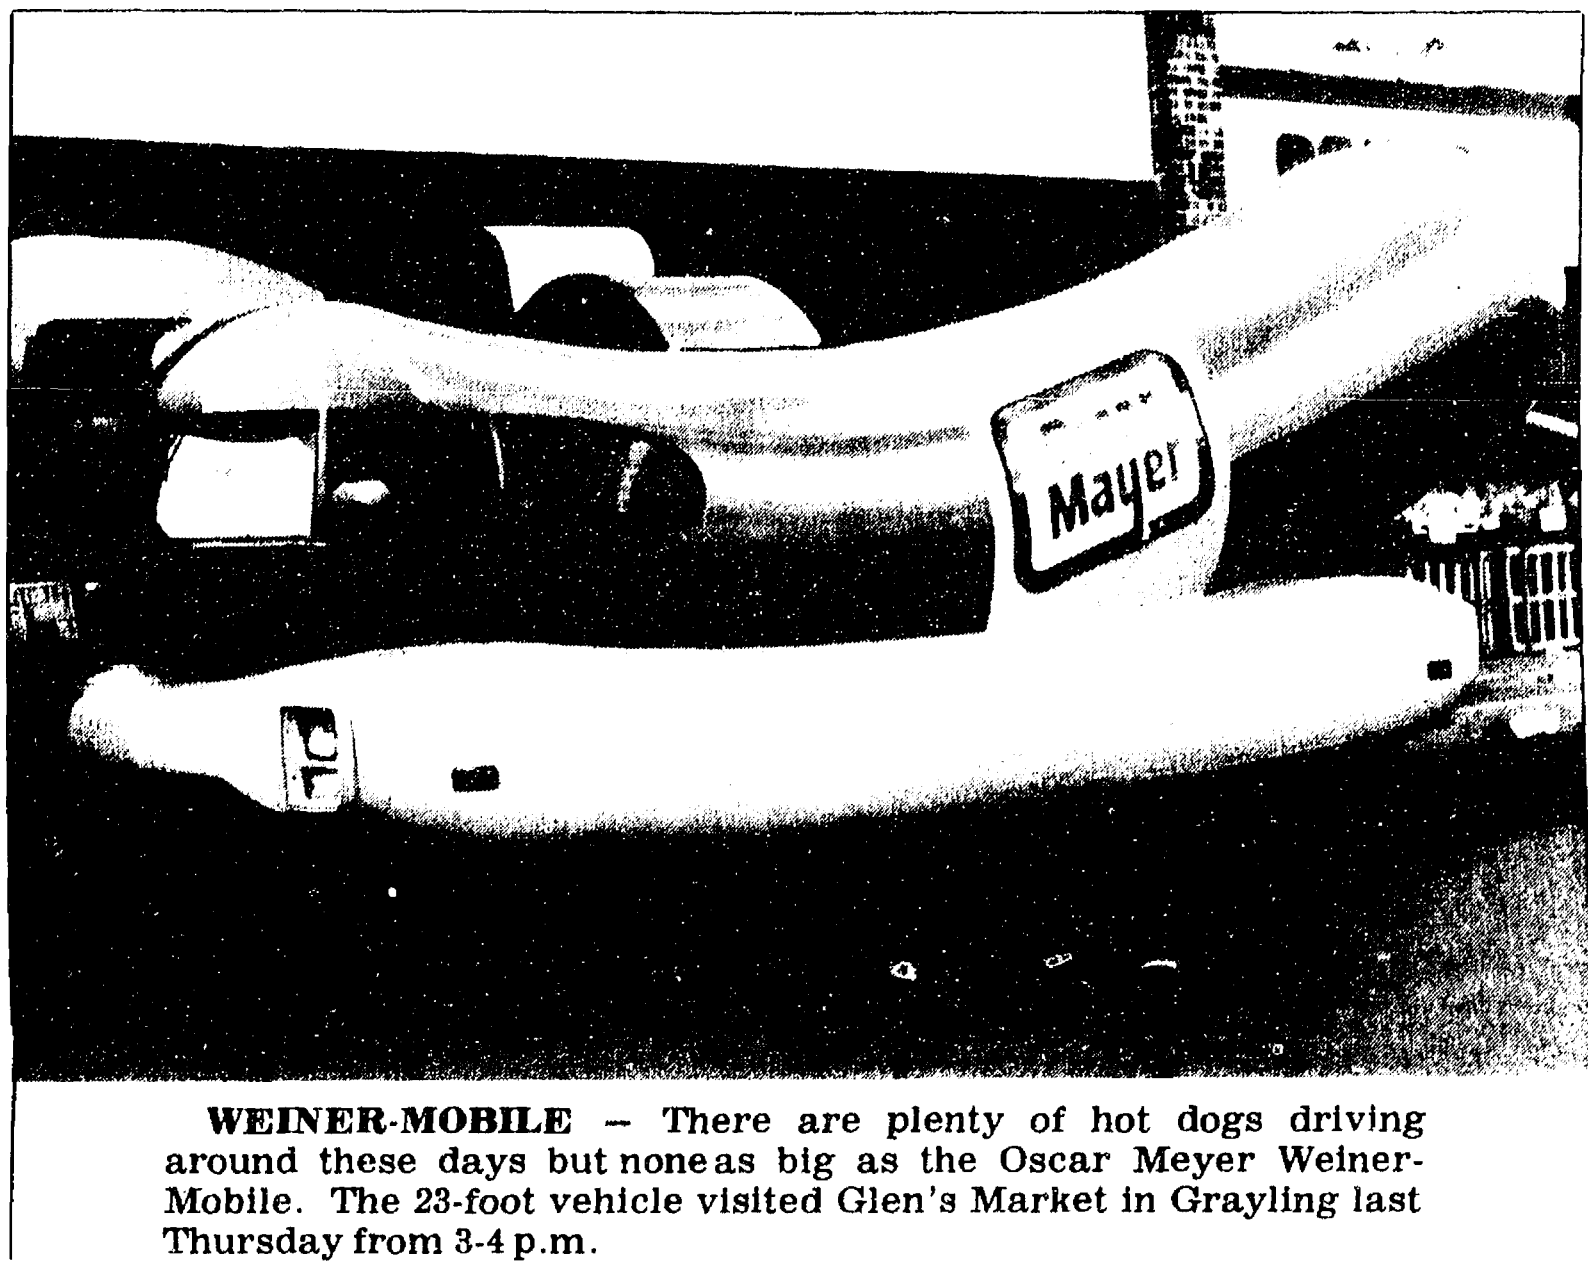

During the Board's discussion of its options and alternatives, it considered Northern Michigan EMS's proposal to provide the county's ambulance needs. Last Tuesday, Northern EMS proposed that instead of subsidies, Crawford County could supply the ambulances and equipment and Northern would supply the manpower and the management.

"Until the county gives me a garbage truck," stated Commissioner Robert McLachlan, "I'm not going to go along with that." McLachlan owns the Millown Refuse Company.

Proposals along with cover letters were sent to each affected government unit last Friday. Township and City officials will have an opportunity to discuss the proposal with commissioners on Tuesday, July 25, 7:00 p.m., at the courthouse.

After reading the county's proposal City Manager, Jerry Morford, said the proposal seemed quite sketchy. "I have a lot of questions and I am willing to listen to what the county has to say," he said. "But I am not willing to make any statement about the proposal until I know more about it."

Morford said he sent copies of the proposal to each member on the City Council and encouraged them to either attend the forthcoming meeting, or contact him with any questions or concerns they might have. Morford said he plans to attend the July 25th meeting.

**WEINER-MOBILE** - There are plenty of hot dogs driving around these days but none as big as the Oscar Meyer Weiner-Mobile. The 23-foot vehicle visited Glen's Market in Grayling last Thursday from 3-4 p.m.

## Formaldehyde 'Spike' Possible Lab Mistake

AuSable Conservation Trust (ACT) president, Linda Caswell, submitted several documents pertaining to pollution problems in Crawford County to the County Board of Commissioners at its July 14th meeting.

One of the letters presented by Caswell was a copy of a letter, dated May 17, 1987 from the Georgia-Pacific Corporation to ASI, Environmental Technologies, a private testing laboratory contracted by Georgia-Pacific to test the four monitoring wells on the Georgia-Pacific Beaver Creek Resin Plant property. In the letter Georgia-Pacific expresses two concerns.

The primary concern addressed in the letter pertained to the formaldehyde results which showed a uniform apparent spike in all four monitoring wells (upgradient and downgradient) of about 0.2 mg/l (the equivalent of parts per million).

## 42nd AuSable Marathon Offers \$26,000 in Prizes

The largest canoe racing purse in North America - \$26,000 cash & prizes - is attracting a top-notch field for the Budweiser 42nd AuSable River Canoe Marathon.

Many of the best paddlers from throughout the United States and Canada are expected to compete in this 42nd Anniversary AuSable River Marathon, widely recognized as one of the toughest endurance sporting events in the world.

The Marathon excitement starts with the sprints for position Friday afternoon, July 28.

The sprints are very much like Indy car qualifying. Each team paddles a short looped course, their time determines their starting position for the Marathon's unique start at dusk on Saturday, July 29: a Lemans-style run through the streets of Grayling with their canoes to the river in front of Ray's Canoe Livery.

The action continues non-stop down the fabled AuSable River to Oscoda, fifteen to eighteen hours away on the shores of Lake Huron. The contestants maintain a paddling pace of 60-90 strokes per minute during the entire 14½ to 18 hours that it takes to reach Oscoda, over 50,000 strokes away.

They receive no outside help except food and water from "bank runners" or "feeders" who meet them in the river or at dam portages to provide the paddlers their only sustenance.

Throughout the race, with the contestants pushing their limits and challenging the obstacles of the river, there is another story taking place - one which features the spectators testing their limits.

The Budweiser AuSable Canoe Marathon has also been called the toughest SPECTATOR event in the world. Thousands of spectators and supporters start with the race in Grayling and hopscotch to viewing points along the course of the

race all the way to Oscoda, 160 road miles and 15 hours later.

The spectators thin to the hundreds during the very early morning hours when the night's chill sets in and a cool fog rises from the river. Spirits and spectator numbers rise again as the morning sun cuts through the fog, signaling that the fans following the race have made it over the "hump"; even though there are still six to nine hours of competition to go!

The fans and supporters are an important ingredient in the chemistry of the race, providing encouragement to the paddlers as they push on throughout the night, with loyal followers reflecting the ups and downs of their favorite teams. Many first-timers become serious fans; the unique nature and excitement of the Marathon gets into their blood.

How does one go about seeing part or all of a race which spans 100+ road miles and fifteen or more hours?

The teams pass bridges, public access points and portage six hydroelectric dams during the course of the race, all of which provide excellent vantage points for cheering on the teams as they race by.

A good map and a schedule of the times the racers pass these vantage points are the tools you need. The AuSable Marathon committee publishes a FREE program book which contains a general map of the course and a race schedule, along with a history of the event and interesting statistics about the race. The books are widely available in the Grayling and Oscoda areas.

The following are some hints which will help novice Marathon spectators:

\* The sprints for position on Friday afternoon present a great opportunity for fans to get an up close look at the paddlers and talk with them.

The sprints are also an awesome display of paddling power. Last year only four-tenths of one second separated the top three teams.

\* The Lemans start with the run to the river in Grayling is one of the most exciting moments of the race. There is a period of great anticipation followed by pitched excitement and a collective chill ripples throughout the crowd as the paddlers charge to the river.

There is always a large crowd at the start, so arrive early! Races for other divisions start at approximately 5:30 and a BBQ dinner is served beginning at 5:00. The pre-race program begins at 6:30 p.m., and the Marathon cannon goes off at 9:00 p.m., setting off the mad dash to the river.

\* Large crowds converge on each of the major viewing points (bridges, dams) so try to arrive there well ahead of the Marathon leaders in order to avoid having to park "out in the boondocks", which sometimes can be a mile or more away!

\* Following the map in the program book is relatively easy for the major viewing points. It is helpful to have detailed county maps if you plan to hit some of the lesser known places. The race passes through the counties of Crawford, Oscoda, Alcona and Iosco.

\* Many of the fans like to have a good time while following the Marathon. Please remember that drinking and driving do not mix. Designate a non-drinking driver and play it safe.

\* DON'T MISS THE FINISH - at the AuSable Inn in Oscoda. The atmosphere here is relaxed as you watch the teams that you have followed all night as they finish this grueling event. Entertainment and food vendors help round out an enjoyable time at the finish line. It is interesting to see how the individual paddlers react and feel following completion of the marathon.

## Formaldehyde 'Spike'

(Continued from page 1)

Atul V. Shah, Georgia-Pacific representative and author of the letter, stated that these results were not consistent with other indicator parameters that should also have changed if the "spike truly occurred. Because the COD (Chemical Oxygen Demand) remained uniformly at non-detection levels for all the wells, and conductivity maintained values consistent with previous historical data, Shah felt that it was very reasonable to presume that the tenth-quarter formaldehyde results were most likely a laboratory mistake.

Copies of this letter were sent to Steve Correll, Georgia-Pacific engineer; Joseph Newman, Beaver Creek Resin Plant Manager; and John Ozoga, DNR Waste Management Division, Roscommon.

Ozoga said in a telephone interview that his office does not have any confirmed evidence of formaldehyde ground water contamination at the Beaver Creek Resin Plant. He said all ground water quality data generated from monitoring wells at the plant have been "non-detect" for formaldehyde, except for the March 1987 and December 1988 reports.

In a letter dated July 14, 1989, Ozoga wrote "These reports indicating the presence of low levels of formaldehyde in the ground water appear to be due to analytical error. It is suspected

that poor quality control may have resulted in these apparent inaccurate readings."

### "SPLIT SAMPLING"

Ozoga said he was planning on taking a "split sampling" with the company during the next quarterly sampling, which takes place in September. This means that both Georgia-Pacific and the State of Michigan will take samples from the monitoring wells, send the samples to different laboratories, and compare the results. When the test results are completed, copies of the state's and the company's findings will be available through the Regional Headquarter's office in Roscommon.

"Anyone stating from the information in that letter that the ground water beneath the Beaver Creek Resin Plant is contaminated, I believe would be making an incorrect statement," said Ozoga.

Test results from a follow-up test have indicated no detected amounts of formaldehyde in the samples taken. Ozoga said

he received these results on July 13th.

The Georgia-Pacific Corporation is responsible for all ground water testing at its Beaver Creek Resin Plant.

The lessening in detection sensitivity in the formaldehyde analysis from the fourth-quarter monitoring results to the eleventh-quarter LOD was also discussed in the letter. Shah, said the fourth-quarter Level of Detection (LOD) was uniformly .05 mg/l (equivalent to parts per million) and the eleventh-quarter LOD was at .10 mg/l. He said Georgia-Pacific wanted the LOD to be as low as technically possible and said the company had previously specified a value of .05 mg/l.

Questions regarding another document submitted by Caswell concerning an apparent PCB spill at Camp Grayling were not so easily answered by DNR officials. Virginia Pierce, District Supervisor of the Waste Management for the Roscommon District, said Don Inman, Assistant Deputy

Director for Region II, was assigned to investigate possible pollution problems at Camp Grayling. Inman was not available for comment. Andrea Sikkenga, a contact person for environmental issues at Camp Grayling, was also not available for comment.

Pierce said that getting a hold on the state's pollution problems is like trying to catch hold of an octopus.

"It involves a lot of different administrative responsibilities within the DNR," she explained. "For that reason the DNR is coordinating an effort to get all the administrations together in a single coordinated position."

The Avalanche is continuing to investigate the status of the PCB situation at Camp Grayling and will publish the results of this investigation when completed.

## Northern Views

By Jon Thompson  
Avalanche Editor

The list keeps growing. Compare Crawford County to other northern counties and think about the unique things we have here. Things that draw attention from visitors. I think we have more special attractions than Roscommon, Otsego, Oscoda, Kalkaska, or any other single county in the northern lower peninsula and upper peninsula.

The list could certainly include Hartwick Pines, the AuSable River, the Manistee River, Kirtland's warblers, The Mason Tract, the Grayling Fish Hatchery, our county museum in the renovated railroad depot, Camp Grayling, and Hanson Hills' cross-country ski trails.

And you can't keep the AuSable Canoe Marathon Race off the list. The AuSable Marathon has grown in the right direction in the last five years and it's fun to see the number of people and businesses throwing support behind the race. The sharply-designed signs announcing the "The World's Toughest Spectator Race" are appearing outside many places here and anyone passing through is going to notice them.

The group organizing the race has turned in a top-notch job. The race has all the right ingredients

for a great sporting event. First off, the marathon is unique and attracts the best paddlers. Second, the race course is beautiful and there are many private and public places to see the racers. Third, spectators feel involved because many challenge their own endurance in following the whole race. Fourth, more and more spin-off races are developing to give others a chance to race.

Children races are held the day before. One-man canoe races, aluminum canoe races, and other challenge races are attracting more attention. The sprints by racers held before the marathon could also grow into a popular event.

The Gus Macker 3-on-3 Basketball Tournament started with a few players and grew into a nationwide event with single tournaments drawing as many as 25,000 spectators. There's potential in the AuSable Marathon to double the number of spectators currently involved.

Do you know anyone living downstate who has never been to the Marathon? Invite them this year and another list will keep growing. The list of people who have been hooked by the Marathon and return each year to enjoy it.

### Is Next Campaign Underway?

IS THE NEXT CAMPAIGN for Governor of Michigan now underway in earnest?

Or is Governor James Blanchard just carrying on regular duties as the state's chief executive with a 24-city mini-whistle stop swing out through the boondocks?

It all depends, it seems, on one's political point of view.

Governor Blanchard recently covered almost 3,200 miles of Michigan's Great Lakes shoreline in a boost-Michigan tour that took four days. The Blanchard entourage went up the Lake Michigan shoreline, crossed over at the Mackinac Straits, and then south down the Lake Huron shoreline.

The trip started at New Buffalo, then snaked north through various cities to Grand Haven, Muskegon, Pentwater, Ludington, Manistee, Frankfort, Charlevoix and Petoskey before shifting sands to the Lake Huron variety.

Then, after a stop at Mackinaw, the trip turned south along the Lake Huron "Sunrise Coast" to Cheboygan, Rogers City, Alpena, Tawas City and East Tawas, Port Austin, Bay City, Port Huron, St. Clair Shores, and eventually Detroit and Monroe.

ALL IN ALL, Michigan's shoreline, if stretched in a straight line, would cover a distance greater than New York City to Los Angeles. And Gov. Blanchard is planning to visit most of it.

Another shoreline extravaganza is planned later this summer along the Upper Peninsula lake fronts, to cover another 3,288 miles.

Along the way, the governor signed into law various items of environmental legislation, announced state economic development assistance, recognized the work of a variety of local and state programs in tourism, arts and industrial development.

Governor Blanchard used a variety of transportation, including boat, trolley, helicopter and automobile ... and all this in the interests of carrying out his duties as governor of Michigan.

"LIKE MANY lifelong Michiganians, I spent my childhood summers and have spent a great deal of time as an adult along the Great Lakes," Governor Blanchard declared in announcing the trip.

"As governor, I've flown and

driven over every part of our beautiful state and have always been thrilled by its grandeur. This tour is one more way to demonstrate the invaluable contribution the Great Lakes make to Michigan, pay tribute to the work going on in our shoreline communities, and emphasize our shared commitment to protecting the lakes and our other natural resources."

THE GOVERNOR failed to add, however, that it's also great politics. That point was not lost on his opposition party critics.

"The governor ought to be concerned with public policy instead of public relations," said Chuck Yob, Michigan Republican national committeeman.

"But instead of addressing the issues, Jim Blanchard is addressing the cameras, running around the state engaging in photo opportunities and picture taking sessions."

"It's awfully fishy. We think it looks like a campaign trip" said John Truscott as a spokesman for Sen. John Engler, Senate Republican leader and probable Blanchard opponent in the 1990 election for governor.

"We welcome him into the campaign," Truscott said. "We wish he would claim it as a campaign expense."

MR. BLANCHARD'S critics are partly right, of course. Everything a sitting governor does has some political tinge, regardless of motive.

But so what?

Mr. Blanchard, as governor, has the duty to visit the various parts of the state. This may be the only chance the folks in Rogers City or New Buffalo or Port Austin get to see their governor in the flesh for awhile. By the nature of his job and his duties, the governor must spend most of his time in the cities -- in Detroit and Lansing and in other places where population is great. He should get outstate more.

There's no criticism of the governor when he goes to Wyandotte for a Fourth of July parade, or to Traverse City for a Cherry Festival parade, or to Detroit for a Labor Day observance.

What's wrong with putting a little gubernatorial sunshine in the small towns outstate?

It's a good show, Governor. Keep it up.

## Letters to the Editor

### Can We Afford To Lose Camp Grayling?

For the past three years I have been sitting back and listening to the negative soundings of the grippers regarding Camp Grayling and their uncouth personnel with little supporting the good side of the coin. My booster hat goes off to Joe Stanke and Roy Renon for telling it like is. I too am a veteran of WW 2 who spent 20 summers here in the Grayling area before moving here and becoming a voting resident in 1978.

Let's face facts and let them speak for themselves. 1.) The National Guards have been in this area long before anyone living here now can remember. 2.) The Guards are not weekend warriors and play war as Mr. Alstott and a few narrow minded individuals who do not know the true story, would have us believe. The training sessions are not spent in well heated barracks with inter-spring mattresses and hot showers. They don't eat in gourmet dining rooms off of expensive china. Instead they go directly to the woods, train, sleep, eat and live under actual war type situations.

The hours of training are hard and dirty. They do this so they are prepared as soldiers, ready to be our first line of defense in time of enemy situations. In the event of war, these men of Camp Grayling will be called upon to defend our country until an active army can be

trained, which takes several months. They will be defending both the supporters as those who did all the griping. I have spent 4 years in countries that have been devastated by war and what I saw, I hope our people here in Grayling never have to experience.

The guards have to be trained somewhere. Are we better than those people living in other areas? Are we that selfish? Stop and look about you and appreciate what God has given us, "A beautiful land" with the necessary means to protect it from aggressors."

I too am an avid sportsman, loving the lake and stream fishing and very seldom do I see any environment that cannot be repaired. I am a strong believer in the environmental impact of both the military and industry. I also, above all else believe in self survival as the number one priority. This we would not have were it not for our well trained guards. I can put up with a few weeks of military for this security. They not only train here but throughout many national guard camps throughout the country. Are we any better than those other states who no doubt have problems the same as we do?

And the last but also is a very important issue. Camp Grayling employs over 300 civilian people throughout the year full time from our

county. They also have full time military personnel who live here, pay taxes and support our area all year long. Were it not for Camp Grayling we could not support such businesses as the Holiday Inn, K-Mart, Big Boy Restaurant,

McDonalds, Wendy's, Hardees, several banks and many other business places who hire many hundred more local people. Camp Grayling pays a great amount of taxes to support our area as does all the businesses here because of our

National Guard Camp. The people of Michigan do not pay the tax shot for the camp. The entire expense is shared by all 50 states. THINK IT OVER. Can we afford to lose Camp Grayling?

## Let's Talk About It

By Joe Murphy

It sure has been hot and dry lately, everyone is complaining of the heat. I'm sweating like a butcher trying to write a column. Seems the weather is never just right, it's too hot, too cold, too dry, or too wet to suit us. I guess man is never satisfied with things as they are. That's one thing about this area, the weather can change so quick. Maybe next week we'll be complaining that it's too cold and wet.

Have not had any calls on the watch yet, guess it is not going to be easy to find the rightful owner. Of course fifty years is a long time to recall losing a watch. I checked the want ads in the Avalanche of that time and drew a blank. The watch is an Elgin, gold colored, engraved with the initials S.B.L. and the date 1-28-39. I'm afraid it's some one from out of town that lost it. Check your memory and try to come up with the answer.

I want to thank the folks that sent a note or told me personally they enjoyed my efforts in this column.

I can't say the response was overwhelming but some nice folks had a kind word, Thank You.

I think I can speak for most of the service clubs in Grayling in saying we would like to have more members. As president of the Grayling Lions Club I can assure you that we would welcome you if you cared to join the Lions. The service clubs are very important to the welfare of our town and deserve your support. So give some thought to joining one of the clubs that serve the less fortunate of our neighbors.

Have not had time to do much research of our history lately, but will get busy following up some very good leads some nice folks have called me about. Keep those leads coming, will follow them up if I can.

Don't forget to get your copy of my book of poems "IT SEEMS LIKE ONLY YESTERDAY." It contains 46 of my poems about the Good Old Days. You can get a copy for a ten dollar donation to our museum. Pick up your copy today.

## Notes from the Woods

By Nancy Lemmen  
Avalanche Columnist

The good news is that Little Bit has found a home. I know that some of you have been wondering about her since I wrote about the twice abandoned dog who was back -- for a second time -- at the Crawford County Animal Shelter in June.

The last I heard, she had been adopted again. No thanks to me. She found herself a third home through her own efforts.

A family from another town called the Crawford County Animal Shelter about a dog for their small child. They wanted a friendly animal that could tolerate the innocent yet rough handling a pre-schooler gives it.

Deputy Animal Control Officer Dixie Lob-singer had the perfect dog for them -- an adult golden retriever that had been turned in to the shelter. The dog was so well behaved, well-groomed, gentle and friendly, that initially Dixie was certain her family would be frantically searching for her.

So she searched for the dog's family. But she never found anyone looking for a lost dog that fit this one's description. And nobody called the

animal shelter, desperate because their beloved family pet was lost or had run away. So Dixie called the out-of-town family to tell them they could have this beautiful but unclaimed dog.

They drove to Grayling to adopt her. But, while the child and his new dog were making friends, Little Bit was doing some advocating for herself.

Says Dixie, "She was playing in the yard with her toy rat which she dropped at the feet of the father to get him to play with her." Not only did he play with her. He fell for her, too.

As the family prepared to leave, the man told Dixie that they had decided to take Little Bit as well as the other dog. "She really made up to him," are Dixie's words. "And she didn't do that with everybody."

And Little Bit now is in her third home. I hope she's contented. I hope her new family loves her and keeps her until she dies of old age at 17. And I hope she never has to come back to the Crawford County Animal Shelter, even though -- bless those deputies'

hearts -- it is as loving, happy and caring an environment as a shelter can ever be.

Finally, I hope that her family has her spayed and sends me the bill, which I promised to pay. I don't want Little Bit to give birth to any puppies which might suffer the fate that she so narrowly escaped -- twice.

For the bad news is that while a home was found for Little Bit, there are between eight to 15 million more pets put to death in shelters in the U.S.A. every year. Still others will become feral by the time they are three years old.

There is nothing that can be done to help animals that is as effective, humane and cost-efficient as preventing unwanted and unnecessary animals from being born in the first place. Simply put, we should have our companion animals neutered or spayed.

The Animal Protection Institute of America provided me with this bit of tragic information: Start with one female dog, they say. In the first year, she produces an

average of four puppies, two of them females.

In the second year, production of first and second generation females is 12 pups, six of them females. In the third year, production from three generations of females is 36 pups, 18 of them females.

In the fourth year, production of four generations of females is 108 pups, including 54 females. In the fifth year, production of five generations is 324 pups, 162 females. In the sixth year, production is 2,916 pups, 1,458 females. And the grand total from a single female in seven years is 4,372 pups.

Don't even try to tell me that you know good reasons for not neutering or spaying your pet. Just ask your veterinarian if you don't believe me. Your arguments are probably the same ones I used with Dr. Mesack twelve years ago. He disabused me of them and I had my dogs neutered. I've never regretted my decision for one second.

Maybe you have a cat. The Animal Guardian writes that if you don't control them, two breeding cats can add up to 80,399,780 in ten years. Where do you think you might find good, loving homes for 80 million kittens?

Author and veterinarian James Herriot could have been referring to Little Bit when he said in a television interview, "I hope to make people realize how totally helpless animals are, how dependent on us, trusting as a child must that we will be kind and take care of their needs. . . (They) are an obligation put on us, a responsibility we have no right to neglect, nor to violate by cruelty."

Think about Little Bit. Think about the fact that from late April to September, unwanted and abandoned cats are killed in shelters and pounds at the rate of one per minute. Think about your own pet. Then think about having it neutered or spayed. Please think hard. Then do it.

## Must Have Action To Protect Environment

Dear Sir:

There is absolutely no sentiment in this letter to abolishing Camp Grayling. I recognize and I am sure your readers recognize also that we must coexist. But I am alarmed and concerned with the increased activity surrounding Camp Grayling. I will limit my remarks to a discussion about one word—environment—although one could write a book on other travesties by the

National Guard.

There is a classic story about a prominent bank president who regularly volunteered his precious personal time to clean up oiled seabirds, but who could not be persuaded of the folly of drilling for oil in a productive fishing ground. Whether apocryphal or not, the scenario poses a crucial question: What does it take for us to learn that there are limits to how much we

can abuse our environment? Must we always wait for the damage to be done before we take corrective actions?

We have been particularly casual about how we treat our land—in this case, the land of Camp Grayling. Perhaps it is because Camp Grayling is so vast, we feel that we can hide most everything. We may believe that we can hide the noise of the helicopter, the firing of

an 8" cannon or the 155mm howitzer going off a mile from thousands of people's homes. We cannot. It is worse than ever and needs to be restricted.

Perhaps we believe that the land is so vast we can hide everything we dump into it, from the plastic of a vacuum sealed pouch given to a soldier for supplement that is casually thrown on the ground, or at minimum, shoveled under an inch of dirt. We cannot. I would

dare say that plastic, ubiquitous and durable, has become the most widespread threat to wildlife in the area.

Perhaps we feel the land is so rich that we can drive over trees with tanks, drive through a river with a jeep or plunder private land. We cannot.

We have driven out wildlife from the area. The Kirtland Warbler numbers are stagnant according to Michigan Audubon. The call of the Whip-poor-will is but a memory in the area. Both well documented facts. I would only remind you that we are all fragily connected together. The demise of one living thing ultimately leads to the demise of

another.

Yes, we must coexist; but restrictions must be set in place on noise and the endless plundering of the land and water must be monitored and rules enforced. We must have rigid enforcement of all laws particularly those surrounding our environment. We must not be casual in our approach to this issue. Our lives are too valuable to sacrifice.

I believe we must have restrictive and acute action in the area of noise, dumping and the needless assault on the land and the water. And we must have it now before it becomes much too late.

Lynn H. Vernon

## We are Proud Of Our Fathers

As we sit and read the *Avalanche*, notice people complaining about the "National Guard." It's not fair our fathers are being treated like they're nothing, when to us they're everything. (As kids we're supposed to respect elders.) These people don't consider our feelings or others' opinions.

Our ancestors were the founders of Crawford County (Thomas Wakeley was the 4th Sheriff of Crawford County 1891-1894. John A. Papendick the 15th Sheriff of Crawford County 1939-1946). We feel that this town is part of our family.

Guard shooting on the ranges, practicing for war. But if there ever was, they would like the National Guard fighting for everyone's freedom. Others say they don't like helicopters flying overhead, and guns being shot (because they scare the fish, even though we can catch fish when they are).

If National Guards lose their jobs, they won't be able to pay taxes in which they will lose everything they own, and cause more homeless people in our town.

Why is it every day we go to school and

people ask where our parents work, we say, "National Guards" (Mates). After they hear they ignore and treat us different. As if we have an incurable disease or something. We don't understand why!

Oh, and if we're old enough to own our own jeeps, we would paint them camouflage, because it would make us feel proud to wear and drive in camouflage. Most people would be embarrassed, not us. As Americans we are proud of our fathers and we stand up for our country's freedom.

Most of the people who are complaining about the National Guards are either out of town, retirees or wealthy. Well our parents aren't either, they make a living as the National Guard. Would you like it if we or someone else tried to take your job away?

"I pledge the allegiance to the flag of the United States of America and to the Republic for which it stands one nation under God indivisible with liberty and justice for all."

With the opportunity to become a Michigan Lottery Millionaire occurring in every two weeks Super Lotto drawing, readers asked for more information on winning.

**Q. How many prizes of \$1 million or more have been won in Michigan?**

**A.** Through the end of June this year, there had been 352, with 39 of these prizes awarded to lottery clubs.

**Q. How many of these were jackpot winners in a Lotto game?**

**A.** There have been 565 Lotto jackpot winners. Of these, 284 received prizes ranging from \$1 million up to \$17 million.

**Q. How many have been won this year?**

**A.** Through the June 28 drawing, 28 prizes worth \$1 million or more were won this year, or an average of about one a week. This is slightly ahead of the 1988 pace when 51 were awarded during the full year.

**Q. How many Lotto jackpot prizes have been worth more than \$10 million?**

**A.** As of this writing there have been 10, with 45 others in the \$5 million to \$10 million range. The largest number of winners, 126, won prizes worth \$2 to \$5 million. Another 103 lucky players won between \$1 million and \$2 million.

**Q. What determines the size of the jackpot for each drawing?**

**A.** The top prize is based on the number of plays in the game since the jackpot was last won. When a rollover occurs, Lottery officials establish a new guaranteed minimum based on the amount already in the jackpot plus anticipated sales for the next game.

**Q. How many plays does it take to add another \$1 million?**

**A.** About 2.2 million. From each dollar in Lotto game sales, 26 cents is placed in the Jackpot prize pool for investment to pay a prize over 20 years. But, because winners collect this money plus all the interest it earns over that 20-year period, \$1 million can be awarded with only about \$550,000 in the prize pool.

**Q. Are my odds of winning the jackpot better when it goes above a \$1.5 million minimum?**

**A.** Your odds of hitting the jackpot remain the same, about one in seven million, no matter how large the jackpot is. But, as larger jackpots attract more players, there is a greater chance that the top prize will be shared by two or more winners.

**Q. How many times have there been multiple jackpot winners?**

**A.** Through the end of June, the Super Lotto jackpot has been won 107 times with multiple winners in 37 drawings.

**Q. Since the start of Lotto play in 1984, how many other prizes have been won in these games?**

**A.** As of the end of June, 3,661,450, which includes more than 80,000 players who matched five numbers for awards worth up to \$4,767. Winners matching four numbers have received prizes of up to \$144.

**Q. What is the total won in Lotto games in Michigan?**

**A.** Counting the full value of jackpot prizes, this total is now past \$1.38 billion.

For submitting the first question leading to this column, Suresh J. Patel of Taylor will receive 50 "Fame & Fortune" tickets. Note: When duplicate questions are received, that with the earliest date stamp upon arrival at Lottery Central wins. In case of a tie, the winner is selected by random drawing.

If you have a question not yet covered in these monthly columns, send it to: "Winners Circle," Michigan Lottery, P.O. Box 38077, Lansing, MI 48909.

Staff Sgt. David and his wife, Karen, and son, Michael, Mansfield of George AF Base, Victorville, California, are arriving to spend two weeks with their parents, Dick and Betty Mansfield and Tom and Barb Hazen.

Bob and Betty Robertson, former Grayling residents, and now of Shophappy, Florida, spent ten days visiting Jack and Joan Rasmussen and other friends.

Peter Funck, who serves aboard the "Bounty" as second officer has informed his parents, Bob and Katy Funck, that the filming in Jamaica for "Treasure Island" starring Charlton Heston as Long John Silver has been finished and will be released to PBS in January. The Bounty was to dock in Savannah, Georgia, on July 12 before beginning its 19-city tour to promote the movie and will be in Traverse City on August 18.

Jacob Wilson of Orlando, Florida, has been visiting his grandparents, Don and Marge Smith for several weeks. He flew from Orlando with his aunt, Pat Smith, who also visited relatives here and in Michigan.

Rafael Mayoral of Pamplona, Spain, who spent the year here as a Youth for Understanding exchange student and stayed with Mike Shearer, spent two weeks with the Gary Davis family before leaving for home. Rafael attended Grayling High School. The Davis family took him to Traverse City where he flew to Detroit and New York before going home to Spain.

Konsta Pamilo of Espoo, Finland, spent the year in Grayling living with Gary and Mary Davis and their boys, Huck and Jed. He was a Youth for Understanding exchange student and attended Grayling High School. The Davis family took him to Metro Airport in Detroit where he flew to Chicago, New York

and then to Helsinki. He arrived home about 10:30 a.m. in Finland and called the Davis family to say he had arrived safely and hopes to return for a visit next summer.

Judy Waite and daughter Jackie Yoder flew out to Aurora, Colorado, for the arrival of their daughter and sister Jody's baby. Jacqueline Marie Grif-

flth was born on the 4th of July and Judy and Jackie were right in the delivery room to see 8 lb. 4 1/2 oz. Marie born.

**HOOP MANIA** — GHS Basketball players worked four days at the clinic last week.

## Hoop Mania Clinic Attracts 30 GHS Players

More than 30 GHS basketball players attended a Hoop Mania four-day basketball clinic held at the high school.

The clinic was directed by basketball coaches Bob Root, Tom Kemp, and Dave Larkin. Root was the class A coach of the year at Flint Northern and currently coaches at Flint Carmean. Kemp was named the Catholic League Coach of the year and currently

coaches at Ann Arbor Gabriel. Larkin is an assistant to Root and all three have coached at the University of Michigan basketball camp the last 13 years.

The Grayling clinic was sponsored by the Grayling Booster Club, Larry Raymond, Ron Fraser, and Tom Mills. Mills, head GHS basketball coach, said the morning workouts stressed fundamentals and shooting while the

afternoon workouts featured scrimmages.

"We've run this camp almost the same as the U of M basketball camp," said Root. "Except down there we had 150 kids. This gives us a nice coach to camper ratio of 1 to 10."

Jay Mertes and Shane Fraser won the 2 on 2 competition. Mike Kirimo, a freshman, won the free throw competition. Scott Nicholas won the shooting competition.

Matt Branch, who attended a basketball camp at CMU last year liked the Grayling clinic more.

"It's way better. At CMU there were 300 kids, here there's 25 to 30. There's more individual time with the coaches. They can work with you. The

competition is more evenly matched and the stations you work at are better because there's less people and less waiting around," said Branch.

Tony Doremire said the coaches give the players a lot of incentive to go work on your own.

Mills said the good turnout despite 90 degree weather one day shows the beginning of a commitment by the players. The rest of that commitment is the kids willing to work on skills on their own.

The clinic cost is \$25 for players and they received T-shirts and a banquet at the end.

Mills said the clinic may expand to include high school girls or middle school players next year.

### Par for the Course

It was a somewhat cooler morning for golf on Wednesday, July 12, with a slightly overcast sky. Winners for the morning were:

Flight A: Carol Thompson low with a 46, Fay Bovee with net of 28, Treva McClanahan with low of 15 and Carol chipped in on No. 7.

Flight B: Barb Hazen and Caroline Glaza low of 50, and Barb low net of 25 and 14 putts.

Flight C: Marge Sneath low of 50, Lynda Hetrick low net of 28 and Joyce Vogelsberg, low putts of 16.

Flight D: Phyllis Scheer took all prizes with low of 57, net of 27 and 15 putts.

## 150 Runners Expected At Milltown 10K Race

Over 150 runners from Michigan are expected to compete in the 10th annual Milltown 10K Run on Saturday, July 29, sponsored by Mercy Hospital/Grayling.

Area runners are encouraged to register prior to race day to take advantage of the early entry fee of \$8. Entry fee on race day is \$10. To enter contact Mary Jo Conway at 348-5461, extension 368. Registration opens

Saturday morning at 7:30 a.m. at the Grayling Middle School, where mens and womens locker rooms and showers are available. The Fun Run/Walk kicks off at 8:30 a.m., with the 10K lineup following at 9 a.m.

T-shirts will be given to the first 100 entrants. Trophies will be awarded to the first place finishers, and medals will be given to the second and third

place finishers in each class. Ribbons will be awarded to all runners. A special trophy will be given to the first place man and woman runners, and medals to the youngest and oldest finishers.

Age divisions are 14 and under, 15-19, 20-24, 25-29, 30-34, 35-39, 40-44, 45-49, 50-59, and 60 and older.

The Mercy Hospital Auxiliary will be holding a bake sale and serving refreshments after the race. The Auxiliary challenges all area civic groups to participate in the Fun Run/Walk as well.

### Service Club Competition Highlights Annual Golf Day

The 19th Annual Kiwanis Golf Day at the Grayling Country Club will feature competition among service clubs. Winners of the service club contest and regular scrambles team scoring will receive prizes.

The entry fee is \$30 a person for the event 8:30 am - 5:00 pm Thursday, August 3. Tickets may be purchased from any Kiwanis Club member. Reserve your tee times at the Club House.

### RV Campers Meet Here

The Michigan Chapter of Loners on Wheels, an international organization of RV campers, meets at designated campgrounds around the state April through October. The membership consists of single men and women who share an interest in camping. The average age is 60, and many are alone because of the loss of a spouse. Many are retirees who choose the snowbird routes to warmer climates in the winter. Those who are reluctant to travel alone join

caravans for security and companionship.

If you are a lone camper, you may attend a campout or two as a prospective member before deciding to become a member of this group. The Michigan Chapter contact person will be at the campout at Pine Knoll Campground, Grayling, July 21-23.

If unable to come to the campout but would like more information, write to Ruth Hettinger, Vice Pres., 315 Lancelot Place, Lansing, MI 48906 or call 517-485-8618.

### Bowling Notice

Anyone interested in a Wednesday night mixed doubles bowling league should call Kelly at 348-3130.

The City Association fall meeting will be held Monday August 7, at the American Legion club room at 7:30 p.m.

It is very important for the secretaries, team captains, and members to attend.

### Thank You

Thanks to Frederic ambulance attendants, Dr. Howell, Pastor Lockner and Mercy Hospital staff for care and kindness during Mary's illness, also for prayers and concerns of friends.

Here's an interesting sports question...Which member of baseball's Hall of Fame has one son who played in the National Football League, and another son who played in major league baseball? The answer is Yogi Berra...Yogi's son, Tim, was a wide receiver in the NFL for the Colts in 1974...And Yogi's son, Dale, was an infielder in big league baseball with the Pirates, Yankees and Astros from 1977 to 1987.

One of the most incredible athletes in history was the great Olympic swimming champion, Johnny Weissmuller...

competed against the best swimmers in the world for 10 years, from 1920 to 1930, and NEVER lost a race...and, one time he entered a 150-yard backstroke event, and even though he had never participated in that event before, he clipped 6 seconds off the world record!

Of all the big league baseball pitchers in this century, which one struck out the most batters in one season?...Answer is Nolan Ryan who set the record in 1973 by striking out 383 batters in 326 innings.

### Eye Care News

Richard P. Ferrigan  
Certified Optician

QUESTION: What is glaucoma and how can I tell if I have it?

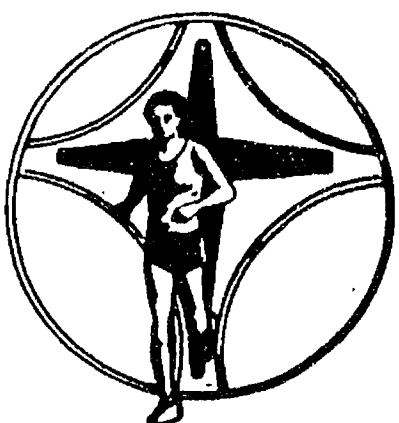

ANSWER: Glaucoma is an eye disease in which the internal pressure of the eye rises to a point that the optic nerve becomes damaged. Pressure gradually builds up from an excessive production of fluid in the eye that does not drain properly. Glaucoma often develops gradually and painlessly, it can slowly destroy your vision without you knowing it. A procedure called Tonometry measures the intraocular pressure of the eye and is a simple and painless test for glaucoma. This test is generally included in a thorough optometric examination by your Doctor of Optometry. Glaucoma is one of the leading causes of blindness in the U.S.

# 8 Local Volunteers Attend Tutor Workshop

9 AVALANCHE Thursday, July 20, 1989

On June 22 and 23 a Tutor Training Workshop was held at Grayling High School. Volunteer tutors were trained to assist local northerners who can't read or can't read well.

Sandy McAnallen of Grayling, the instructor for the training session, led eight future volunteer tutors in various procedures of how to work with and teach adults who can't read but who want to read.

All local Grayling residents; Tom Taylor, Carol Hively, Sandy Batzloff, Donna Shadwell, Les Shadwell, Marilyn Strouse, and Denise McEvers, are looking forward to helping any interested non-reader to read and to share the joys of reading.

These tutors-in-training experienced frustration when presented with a short picture story with hieroglyphic style writing and very

few clues to the meanings of the letters. They had considerable difficulty reading the story. This illustrates the confusion and frustration people who are unable to read feel every time they encounter a written page. It is, to say the least, a difficult situation for an adult in today's society to be in.

Most "functionally illiterate" people could

learn to read though. That's where the Literacy Tutor Program comes in. It is sponsored locally by the Crawford AuSable Community Education Office and the Crawford AuSable Literacy Network.

The tutors have been trained to teach adults who can't read. They will be assigned to assist local adults who wish to be better readers and writers.

The only cost is time. One to two hours per week spent together is the usual schedule for tutors and students in their learning process.

Anyone interested in or anyone who knows someone who is interested in learning to read is encouraged to call the Community School Office at 348-7641 or the Adult Learning Center at 348-5458.

## Bits of Talk

by Fay Rovee  
(348-7017)

Ed and Sally Hartig have returned from a vacation to several southern states. They visited Kentucky, spent three days at Opryland, then went on to Virginia and West Virginia and returned to Ohio where they visited relatives.

Tom and Jean Feldhauser have arrived back at Edwards AF Base in California after visiting their parents, the Ralph Stevens and the Norman Feldhausers. They came to attend the Lamm-Stevens wedding on June 24.

Anne Marie on June 28, 1989. Brittany Anne Marie weighed 6 lbs. 14 ozs.

Mark and Susan Gilmore of Frederic are proud to announce the arrival of Mallory Marie on June 28, 1989. Mallory Marie weighed 6 lbs. 4 ozs.

Gerald and Carlotta Albers, of Grayling, announce the arrival of their son, Brian Andrew, on June 19, 1989. The little boy weighed 8 lbs., 14 ozs. He was born at Otsego Memorial Hospital.

Pat Johnson of Oklahoma City, Oklahoma spent from Sunday to Wednesday of last week visiting his parents, Norman and Barbara Johnson. The Johnson family held a family reunion at Otsego Lake on Sunday, July 9, with all of the Norman Johnson family and most of the grandchildren attending it.

In April, Monique Petrosky Mansfield was honored by Wayne State University when she received a scholarship for "outstanding scholarship" from the chairman of the department. She is finishing her education in Occupational Therapy and is at present serving an internship at

Sinai Hospital in Detroit. Her second internship will be at Munson Medical Center. Monique helped to co-chairman a dinner-dance held for all graduates during the latter part of April. Dick and Betty Mansfield and Luke and Pauline Petrosky also attended, as well as Monique's husband, Douglas Mansfield.

The Mansfields also attended a play, "Horror High," at Perry in which Dennis Mansfield had a part. Dennis is a student at Michigan State and is serving an internship from June to December of this year at the GM Tech Center in Public Relations.

## The Meadows of Grayling

## NOTICE OF PUBLIC MEETING

ON THE  
CAMP GRAYLING  
DRAFT  
ENVIRONMENTAL IMPACT  
STATEMENT (DEIS)

TO BE HELD:

JULY 22, 1989, AT 10:00 A.M.  
GRAYLING HIGH SCHOOL  
AUDITORIUM  
GRAYLING, MICHIGAN

An additional Public Meeting will be held to receive comment from those individuals who were unable to attend the two previous mid-week meetings. Comments will be limited to speakers that have not spoken or relinquished to others their opportunity to speak at the previous meetings.

AGENCY:  
National Guard Bureau, DOD (NGB) and Michigan Department of Military Affairs (DMA).

DOCUMENT AVAILABILITY:  
On April 21, 1989, a Notice of Availability of a Draft Environmental Impact Statement (DEIS) was published in the Federal Register. Copies of the DEIS have been placed for public review in the Public Libraries of Crawford, Kalkaska, Otsego, Wayne, Oakland, and Kent Counties and the Michigan State Library in Lansing.

Individuals wishing their own copy of the 26 page Executive Summary of the DEIS or a copy of the entire 500 page DEIS may obtain one by writing to the address given in this notice.

BACKGROUND:  
Camp Grayling Arm National Guard Training Site is a state owned and operated, federally funded installation. Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, the NGB and DMA have, acting as co-lead agencies, prepared a DEIS on the proposed Master Plan Mission/Multiple Construction at Camp Grayling, Michigan.

On July 22, 1988, a Notice of Intent to prepare an Environmental Impact Statement was published in the Federal Register. A public Scoping Meeting (in accordance with the Council on Environmental Quality Regulations (40 CFR 1500-1508) was conducted on September 6, 1988, at

Grayling, Michigan to identify significant issues related to the proposed Master Plan Mission/Multiple-Construction at Camp Grayling.

Questions, requests for a copy of the DEIS or its executive summary, or written comments on the DEIS should be sent to:

Department of Military Affairs  
Attn: C&FO (DEIS)  
2500 S. Washington Avenue  
Lansing, MI 48913-5101

ORAL AND WRITTEN COMMENTS:  
Regardless of whether comments are initially made orally or in writing, all comments end up on paper and, therefore, will be given equal consideration in the Final EIS.

At each of the public meetings, the public is invited to make comments on the DEIS. In order to allow everyone attending the public meetings to speak, it may be necessary to place a time limit on individual comments. Individuals with lengthy comments should be prepared to submit additional material in writing.

Due to this additional meeting, the period for written comment has been extended to July 31, 1989.

ABSTRACT:  
In response to deficiencies in existing facilities and the national mandate for the increased combat readiness of the National Guard, new facilities and activities have been proposed for Camp Grayling. The proposed actions include implementation of the Camp Grayling Master Plan construction and winter training mission. The Master Plan projects involve renovation of existing facilities, and increased efficiency of training site utilization. The DEIS will address impacts of the Master Plan implementation related to air quality, noise, physical setting (soils), natural resources (vegetation and wildlife), land use, waste disposal, water resources, cultural resources, and socioeconomic.

In addition to the proposed actions, three alternatives were considered in the DEIS: No Action (status quo), Modification/Alteration of Action, Conduct actions at other locations.

The identification of preferred alternatives in the DEIS does not constitute a final decision. The DEIS and any comments received will be used by the Army National Guard to prepare a Record of Decision.

## Farber Named Director At River House

A former fund raising consultant from New York, Ferne A. Farber, has been named the new Director of River House Shelter, the domestic violence shelter sponsored by Mercy Hospital/Grayling.

Ms. Farber has relocated to Grayling after spending three years as the assistant director of corporations and foundations at the Pratt Institute, Brooklyn, N.Y. She has also worked as a development consultant for Mercy Home For Children in Brooklyn, and for the Manhattan Punch Line Theatre. She earned a bachelor of arts degree from Brooklyn College in 1967, and a master's of social work degree from Hunter College in New York in 1977.

"Fundraising, outreach programs and boosting the volunteer group are goals I hope to accomplish as director of River House," said Ms. Farber. "I am looking forward to working with the various agencies and community groups in the four-county area River House serves."

River House Shelter employs 10 individuals and has an annual operation budget of \$124,000. Since October 1988 River House staff and volunteers have answered over 500 calls on the Crisis Line and Information and Referral Line. For more information about River House Shelter, call the business line today at 348-3169.

## Magazine Names Old Kent Top Bank Holding Company

Grand Rapids, Michigan-based Old Kent Financial Corporation was named the top bank holding company in the nation by the "United States Banker" magazine in its July issue. In the magazine's annual review of the nation's 100 largest banking organizations, Old Kent was ranked number one based on a study performed by Olson Research Associates of Greenbelt, Maryland.

Old Kent Financial Corporation Chairman John C. Canepa attributed much of the Corporation's success to one thing: a commitment to quality. "Our continued success is largely the result of the quality of assets we manage, the quality of the products

and services we deliver to our customers every day, and the quality of people who work at Old Kent," stated Canepa. Old Kent's performance

has resulted in increased earnings and dividends every year since the inception of the Corporation in 1972. Old Kent Financial

Corporation has 17 affiliate banks in Michigan and 8 affiliate banks in Illinois. As of March 30, 1989, Old Kent reported total assets of \$8.0 billion.

## Restrainer, Argue Wed

Jeanne Restainer and Ross M. Argue, Jr. were united in marriage on June 24, 1989, at Michelson Memorial Church. Pastor Gordon of St. Johns Lutheran Church officiated. The bride is the daughter of Mr. and Mrs. Eugene Restainer of Grayling. The groom is the son of Mr. and Mrs. Ross Argue of Grayling.

Brenda Johnson, of Grayling was the soloist. The bride's attendants were, maid of honor, Dora Day, of Bay City. Bridesmaids were sisters of the bride, Debra Fabin, of Fort Wayne, Tammy Ellis and Joni Restainer of Grayling. The flower girl was the sister of the groom, Mardella Argue.

All the bride's attendants wore lavender gowns.

The bride's dress was designed by Mari Lee with a taffeta

sheath with high lace neckline, and long tapered sleeves ending in a beaded bridal point. The detachable semi-cathedral length train was beaded and appliqued the same as the skirt.

Her headpiece was a crystal and lace tiara with fingertip length scalloped and appliqued veil.

The groom wore white tails.

The best man, John Gay of Grayling, ushers, Brian Kerstock, Tim Perney, and Ted Baynham, all of Grayling, wore gray tails. The ringbearers, nephews of the bride, Chad and Dustin Ellis of Grayling, wore white tails.

The bride and groom were picked up at the church by a horse and carriage and taken to the reception which was held at Weatherly's Country House.

**ENGAGEMENT** — Vicki Pahl and Dave Trudgeon, both of Grand Rapids, are engaged and planning an Aug. 12 wedding. The bride-elect, daughter of Mr. and Mrs. Ralph Pahl of Buckley, is a 1982 St. Francis High School graduate. She graduated from Northwestern Michigan College in 1986 and is employed as a registered nurse at Ridgemoor Case Management in Grand Rapids. The future groom, son of Mr. and Mrs. Raymond Trudgeon of Grayling, is a 1982 Grayling High School graduate. A 1985 Kirtland Community College graduate, he is an operations assistant with K-Mart in Holland and attends Grand Valley State University.

**ENGAGEMENT ANNOUNCED** — Mr. and Mrs. Alfred Harland, of Grayling, are pleased to announce the engagement of their daughter Cyndi to Ron Rakoczy. Ron is the son of Mr. and Mrs. Ronald Rakoczy Sr. of Grayling and Mrs. Cathy Rakoczy of Monroe, Michigan. An August 20 wedding is being planned at St. Francis Episcopal Church in Grayling.

**ENGAGEMENT ANNOUNCED** — Alicia Taylor, of Portage, IN, and Robert A. Vazquez, of Gary, IN, will be married on September 9, 1989, at the First Christian Church of Lake Station, IN. The bride-elect, a 1981 Grayling High School graduate, graduated from Ferris State College and Kentucky University, and is presently employed as shift supervisor in the Medical Laboratory of Broadway Methodist Hospital. The bridegroom-elect is also employed at Broadway Methodist Hospital as a dietary technician. Alicia is the daughter of Howard W. Taylor of Grayling and Sandra A. Taylor of Whitmore Lake, MI. Robert is the son of Mike and Mary Vazquez of Gary, IN.

11 AVALANCHE Thursday, July 20, 1989

**ENGAGED** — The parents of Michelle L. Hatley, of Grayling, and Stephen A. Scheid, formerly of Ionia, MI, are pleased to announce the engagement of their children. Stephen is in the Marine Corps Reserves, and is also employed as a gas attendant at Clairs Standard in Grayling. An August 19, 1989 wedding is being planned.

**ENGAGEMENT ANNOUNCED** — Paul and Carolyn Poe of Grayling are pleased to announce the engagement of their daughter, Vikki Luther to Patrick Nations, son of John and Sylvia Nations of Corunna. The bride-elect is a 1985 graduate of Grayling High School and a recent graduate of Kirtland College in Roscommon. She is currently employed as a licensed practical nurse at the Shiawasee County Medical Care Facility of Corunna. The groom-elect is a 1985 graduate of Corunna High School. He attended Michigan State University and is currently employed with U.S. Brick of Corunna. A June 16, 1990, wedding is being planned.

## Pease, Vigil United

Thomas Monroe Pease and Elaine Vigil were united at First Free Methodist Church in Lakewood, Colorado on June 3, 1989. The double-ring ceremony was officiated by Rev. Richard Maurer.

Elaine is the daughter of Mary E. Vigil and Paul J. Vigil of Pueblo, Colorado. Tom is the son of Helen K. Pease of Littleton, Colorado, and the late Raymond M. Pease, both formerly of Grayling.

Given in marriage by her brother, Ross P. Vigil, the bride wore a self-designed handmade gown of pale-pink skinner satin, featuring chantly lace and beading on the sleeves and bodice. Her handmade veil and headpiece were based on her mother-in-law's original headpiece. She carried a cascading bouquet of pink roses, lilies, snowflake mums and gray babies breath.

Matron-Of-Honor, Victoria Wilkerson, wore a rose pink satin suit, featuring a back panel of lace ending in a ruffled bustle.

The groom wore a pearl gray tuxedo with pink bow tie and cummerbund.

His boutonniere was a pink rosebud surrounded by gray babies breath.

Timothy G. Pease, the groom's brother, served as best man.

The ringbearer was

Michael Leaverton and Melissa Leaverton was the flower-girl. Raymond L. Vigil and Robert Leaverton served as ushers.

The reception was held in the church fellowship hall, immediately after the ceremony.

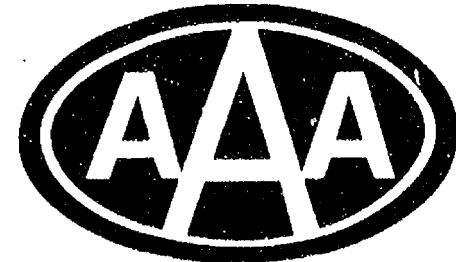

The newlyweds plan an autumn honeymoon in Grayling, Michigan, in October.

The groom is an account representative for U.S. West Communications. The bride is a data administrator with U.S. West Service Link, Inc.

The couple will reside in Lakewood, Colorado.

## Beaver Creek Expansion *a summary of facts*

### Dear Fellow Community Members:

I would like to summarize some of the key issues surrounding the \$10-million expansion at our resin plant to include a 100-foot-square formaldehyde manufacturing facility.

\* **Air Quality** -- The company is not requesting any increase over the permitted formaldehyde emission level for our existing facility. This permitted level means formaldehyde concentration in the air outside the facility would be at least 20,000 times less than the safe levels established by the Occupational Safety and Health Administration.

\* **Groundwater Protection** -- Georgia-Pacific will use the same spill protection measures we currently are using successfully at the existing resin plant. Formaldehyde will be stored in stainless steel tanks that are housed in a concrete "bathtub." In the unlikely event these tanks should leak, all the liquid would be contained in the "bathtub," preventing any damage to the groundwater aquifer.

\* **Transportation** -- On-site formaldehyde manufacturing will result in a significant overall decrease in transportation of materials in the community. Instead of receiving 10 railcars of formaldehyde each week, the plant will receive approximately half as many cars of methanol (wood alcohol), the raw material used to manufacture formaldehyde.

The amount of formaldehyde sold to outside customers, if any, should not exceed an average of one railcar per week traveling for approximately 15 minutes on rail in Crawford County, a significant reduction from the 10 railcars per week presently delivering formaldehyde to the resin facility.

\* **Benefits** -- An additional \$500,000 annually in wages, taxes and purchases of goods and services; approximately six permanent jobs for local citizens that pay good wages, as well as construction jobs; reinforcement for Weyerhaeuser's operation, our resin plant and supporting businesses. For every job created at our new facility, two to three more jobs outside the facility are created.

Georgia-Pacific is investing in the most technologically innovative safety and environmental systems and equipment available for its new facility. Copies of the independent environmental assessment are available. Pick up one at the Beaver Creek Township Hall or contact me at the resin plant (348-7275) for a copy.

The future of Georgia-Pacific is directly linked to a sound environment and the goodwill and trust of community members. All of us at the resin plant are pleased to call this area home. We are committed to **responsible** industry.

Sincerely,  
Joe Newman, Manager

## County Board of Commissioners

### SYNOPSIS

May 25, 1989 Regular Meeting  
Crawford County Board of Commissioners

The Regular Meeting of the Crawford County Board of Commissioners convened on May 25, 1989 at 9:34 AM in the city of Grayling.

Commissioners present: Kitchen, Harland, Nelson, Callewaert, Ruddy, Coy & McLachlan.

Absent - none.

County Clerk Elizabeth Wieland - present.

There were 17 visitors present at various times.

IN FORMAL ACTION, COMMISSIONERS:

---Accepted the 5-9-89 minutes with minor corrections.

---Approved payment of \$75.00 to repair the Emergency Preparedness Radio.

---Accepted 22 pieces of communications.

---Adopted a resolution approving and directing the County Housing Rehab. & Community Dev. Director to apply for a Small Cities Rehab. Grant in the amount of \$200,000 on behalf of the County.

---Granted permission for the Historical Society to construct a replica of an old fire barn on the County's property currently containing the museum, provided the necessary permits are obtained.

---Authorized payment of registration fees and establishment of a line of credit for Commissioners to attend the MAC Conference and the County Clerk to attend the Clerk's Conference as requested.

---Cancelled the June 13th and June 29th meetings and rescheduled the meeting for June to the 22nd at 9:30 AM.

---Reconsidered action taken at the last meeting and supported the tax abatement application by Georgia-Pacific.

---Approved renovation of space for Probate Court as recommended by the Building & Grounds Committee to provide a small courtroom.

---Approved the hiring of an additional part-time employee in the Animal Control Dept. while the Animal Control Officer is off work.

---Accepted the offer of Bob Smock to draft an application for a Technical Assistance Grant and authorize the Chairman to execute same on behalf of the County for the Community Corrections Advisory Board.

---Granted permission to the Community Self Improvement Project to use the County Building lawn on 6-17-89 for their celebration.

IN OTHER BUSINESS, COMMISSIONERS:

---Reviewed the first ¼ of 1989 expenditures. Plans to monitor the budget are underway along with working on the 1990 budget.

---Learned Kitchen was appointed by NEMCOG to the Regional Community Corrections Committee. Kitchen and Sheriff Hatfield are representing Crawford County.

---Were informed that Ways & Means was re-scheduled to 6-19-89 at 9:30 AM.

---Received three proposals on dryers at the jail and submitted same to the Sheriff for his recommendation.

---Were reminded of the meeting scheduled by the law firm of Clary, Nantz, Wood, Huffius, Rankin & Cooper relative to participation of counties in the law suit filed for reimbursement of court operational cost pursuant to ACT 438 of 1980.

---Were informed the dog census is going well. There were 824 licenses sold in 1988 and over 1600 have been sold already this year.

---Heard a report on the increase in activity in Probate Court with 44 new cases already this year.

---Reviewed the status of the appointment of a member to fill the vacancy on the COA Board. When the COA submits a recommendation, the Board will take action on it.

---Heard a report from the Sheriff Dept. regarding the cost of transporting an inmate through a private firm, that 130 students graduated from the D.A.R.E. Program, which was presented by Undersheriff Coors, and of the meeting held with representatives of Law Enforcement from the Military, Prosecutor's Office, FBI, Ohio, State Police and City Police to review policies and prevent duplication of services.

---Learned the check was received from Georgia-Pacific for the Environmental Clean-up Program through the Fish Hatchery and a Master Site Plan is underway.

---Discussed the amount of per diem paid to members of the DSS Board. An evaluation was suggested, but this information must be submitted to Ways & Means at budget time for their consideration and recommendation.

---Learned NEMCOG has contacted each governmental entity in the County for their input in the County Recreation Plan. Discussion was held on transferring recreation activities to the Grayling Recreation Authority as their jurisdiction is very broad.

---Discussed the availability of space for any type of expansion at the Courthouse.

---Were informed that Comm. Harland resigned as Commissioner Member from COA and the Board appointed Comm. Nelson to serve the remainder of the term.

---Heard brief up-dates from various other committees. Full text of official minutes are on file in the Clerk's office.

## The Bible Speaks

### From Calvary Baptist Church

#### The Gospel of John Part #88 Spirit's Ministry To the World

The Holy Spirit has revealed His place, plan and purpose in ministering to the world through each Christian. The Holy Spirit replaced the earthly ministry of Jesus Christ following His crucifixion, resurrection and ascension. "Nevertheless I tell you the truth: It is expedient for you that I go away: for if I go not away, the Comforter will not come unto you; but if I depart, I will send him unto you." (John 16:7). The Holy Spirit came to continue the presence and power of God in earthly witness. (Luke 24:49 & Acts 1:8).

The plan of the Holy Spirit is to reprove the world. "And when he is come, he will reprove the world of sin, and of righteousness, and of judgement." (John 16:8). This ministry of the Spirit will continue until Jesus Christ returns "To execute judgement upon all, and to convince all that are ungodly among them of all their ungodly deeds which they have ungodly committed, and of all their hard speeches which ungodly sinners have spoken against him." (Jude 1:15).

The purpose of the Spirit's ministry is first to reprove the world, "Of sin, because they believe not on me (Jesus Christ)." (John 16:9). Unbelief in Jesus Christ is a most evil, condemning, unpardonable sin. As Jesus said, "...for if ye believe not that I am he, ye shall die in your sins." (John 8:24b).

"...He that believeth not shall be damned." (Mark 16:16b).

Second, the Spirit reproveth the world of self-righteousness and exalts the righteousness of God in Christ Jesus. "Of righteousness, because I go to the Father, and ye see me no more." (John 16:10). "...All our righteousnesses are as filthy rags..." (Isa 64:6b). The only righteousness which will save us and take to heaven is God's righteousness in Jesus Christ. (2 Cor. 5:21). Only righteousness from heaven can enter heaven. The world rejected the righteousness of God in Christ Jesus nailing Him to a cross. The Father accepted the righteousness of His only begotten Son exalting Him back to His throne in heaven.

Third, the Spirit reproveth the world of judgment, because the prince of this world is judged." (John 16:11). The war is won! You either stand with Jesus Christ or Satan. There is no neutral ground. "He that believeth on him (Jesus Christ) is not condemned: but he that believeth not is condemned already..." (John 3:18b).

On which side does your soul rest in this battle of the ages? Are you a Christian soldier of the cross? Unless we are reproveth the world of sin, we have no basis to claim the Holy Spirit is controlling our lives.

#### Road Commission Minutes

##### June 8, 1989

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Present were: Chairman Norman Parker, Commissioners Gloria Kraus and Clyde Anthony, Engineer-Manager John Keir and Accounting Clerk Joanne Thompson.

The minutes of the previous meeting of May 30, 1989 were read. Commissioner Kraus made a motion to accept the minutes as read, seconded by Commissioner Anthony. All voted in favor, minutes approved.

Payroll Voucher Number 11 in the amount of \$26,506.09 and Material checks numbered 15139 through 15204 in the amount of \$43,682.49 were ratified by Commissioner Anthony and seconded by Commissioner Kraus.

Permits reviewed and signed were Western Geophysical to conduct a seismic survey along Twin Bridge Road in Lovell Township; Frontier Exploration to conduct a seismic survey along Chase Bridge Road in Grayling and South Branch Townships; GTE to bury communication cable on Barker Lake Road in Grayling Township; Top O Michigan to construct an aerial crossing on Manistee River Road in Frederic Township and a driveway permit on M 76 in Beaver Creek Township.

Engineer-Manager Keir informed the Board of a Vacationland Council Meeting June 15, 1989 in Roscommon County. All Commissioners will be attending.

A motion made by Commissioner Kraus and supported by Commissioner Anthony follows:

We, the Board of County Road Commissioners of Crawford County, do hereby request reimbursement in the amount of \$10,000.00 (not to exceed \$10,000.00) for payments made during the period of July 1, 1988 through June 30, 1989 to licensed professional engineers employed or retained by this Commission, in accordance with the following:

Section 12(2) of Act 51, as amended: "Each county road commission shall be reimbursed in an amount up to \$10,000.00 per year for the sum paid to a licensed professional engineer employed or retained by the county road commission in the previous year. The sum shall be returned to each county road commission certified by the state transportation department as complying with this subsection regarding the employment of an engineer."

Motion passed.

Norma Naour of Cornell Real Estate and Jerry Kucynski and Mark Shorstad of King Venture appeared before the Board. Ben Butts and Joe Kulkum appeared before the Board regarding the Agreement with the Upper Manistee River Restoration Committee discussed last meeting to answer any questions. The Board members signed the Agreement.

Correspondence was reviewed from John Hartman, Beaver Creek Township Supervisor and Governmental Benefits.

Discussion was held on two drainage problems in Grayling Township.

A motion was made at this time by Commissioner Kraus, seconded by Commissioner Anthony to proceed to a closed door session to discuss the latest Teamsters Local no. 214 proposal.

There being no further business before the Board a motion was made and seconded to adjourn. All voted in favor, meeting adjourned.

### Recommended Reading

The longer I live, the more deeply convinced I am that there is a vast schoolhouse of knowledge in the Bible. So vast, so much of it, that a lifetime is scarcely enough time to understand its beauty and mystery.

The Holy Book addresses itself to the cares of real life. In its pages, sentences and fragments of sentences I feel the burst that opens my heart and softly touches my soul.

I am only a human being struggling towards perfection—an unattainable goal. It is in chapter, verse and psalm I find sweet peace. My imperfections are tolerable. Problems go away. Nothing seems too difficult. I am resolved to forgiveness, loyalty and love again.

THE BIBLE...IT IS THE GREATEST BOOK I'LL EVER READ. I am content to know that God's hand guided its authors.

## Recipes

By Phyllis Brummer

### Cherry Blossom Salad

2 c. each bibb lettuce, torn, and loosely packed watercress  
1 sweet yellow pepper, cubed  
2 c. sweet cherries, pitted  
8 nasturtium blossoms

Toss greens and pepper and arrange on serving plates with cherries and nasturtiums. Drizzle with Lemon-pepper Dressing. Serves four.

### Lemon-Pepper Dressing

¼ c. olive oil  
¼ c. lemon juice  
2 tsp. sugar  
¼ tsp. pepper  
Salt to taste

Combine all ingredients thoroughly. Makes ½ cup.

### Cherry Lemon Loaf Cake

1 pkg. (16 oz.) pound cake mix  
½ c. vanilla-flavored yogurt  
2 eggs  
1 tbsp. grated lemon rind  
2 c. dark sweet cherries, pitted

Combine cake mix, yogurt and eggs. Beat on medium speed for 3 minutes. Add lemon peel and cherries. Pour into greased 9x5x3 inch loaf pan. Bake 55-60 minutes at 325°. Cool in pan 10 minutes; remove to wire rack.

### Cherry Kuchen

1 egg, well beaten  
½ c. sugar  
¼ c. milk  
½ tsp. vanilla

1½ c. biscuit mix  
1½ c. red tart cherries, chopped, then drained  
¼ c. flour  
¼ c. light brown sugar  
¼ tsp. cinnamon  
3 tbsp. butter  
¼ c. nuts, chopped

Combine egg, sugar, milk and vanilla. Add biscuit mix. Pour into greased 8 inch square pan. Sprinkle cherries over top. Mix flour, brown sugar and cinnamon; cut butter until texture is like cornmeal; add nuts. Sprinkle over cherries. Bake 30 minutes at 375°. Serve warm as coffee cake or cold as dessert with whipped topping.

### Cherry Banana Salad

8 oz. cream cheese  
½ tsp. salt  
¼ c. mayonnaise  
1½ tsp. lemon juice  
¼ c. crushed pineapple, drained  
3 sliced bananas  
1½ c. chopped nuts  
¼ c. sweet cherries, pitted  
1½ c. whipped cream

Blend first four ingredients until smooth. Add fruit and nuts. Fold in whipped cream. Pour into mold and freeze. Serves 10.

### Cherry Cheese Delight

1 lb. cottage cheese  
½ c. chopped nuts  
1 can cherry pie filling  
½ c. whipping cream, whipped

Mix first three ingredients, then fold in whipped cream. Chill one hour. Serves 6.

#### Tapioca Pudding

*I was alone up at the farm  
My Dad had to be away  
So I was chief cook and bottle washer  
Around the place that day*

*I would have to do my own cooking  
So I wanted to do it up right  
I decided I needed some desert  
To go with my supper tonight*

*I started searching through the cupboard  
Looking for a goodie I could try  
There wasn't much to work with  
Then a box of tapioca caught my eye*

*I read the recipe over  
That's where I hit a snag  
The only milk around the place  
Was still in the beef cow's bag*

*The pasture was full of cattle  
With not a milk cow on the place  
Some calf would have to share his supper  
I hoped his mother would accept that with grace*

*I grabbed a jar to hold the milk  
And picked up my lariat rope  
And took off for the pasture  
Thinking this will work, I hope*

*I got my rope on a cow  
On my second or third try  
I got her snubbed to a tree  
I had to milk her on the fly*

*She knocked me rolling a time or two  
But at last my jar was full  
I released the cow and jumped the fence  
About three jumps ahead of the bull  
I took my milk to the cabin  
Just as happy as could be  
But the measurements of the recipe  
Were a lot of greek to me*

*To me a spoon was a spoon and a cup a cup  
And I measured things that way  
My tapioca tasted good to me  
Though it had the consistency of clay*

## Doodles from the Tall Timber

By Wendell L. Hoover  
Hartwick Pines Interpreter

Now that you have been introduced to the Interpretive Crew we thought you would enjoy a combination of local, state and national history interwoven into the continuing story of Camp Five. I'll let Kurt Kolka pick up the threads to the story. (Incidentally, while Kurt is no longer in the crew, he still provides assistance on the research end, and while he wrote more, I will excerpt some highlights for you. Settin' up Camp (from the journal of the camp bookkeeper).

Monday, August 14, 1893 - A new season has begun. Old George Lundeen and a small group of us have come to a location in Section 15, Town 27 North, Range 3 West to set up Camp Five. Normally, I as inklinger, do not assist in the building of the camp but this year is different. This economic depression as folks in Washington calls it has left me near penniless durin' the off season. I asked Old Man Michelson myself to help in building of the camp this year so I could be provided with some food and a place to stay.

Along with Old George, who's the "Big Push," and me is Jack Driscoll, Carl Olson, Joe Montgomery, Francis Morris and Three finger Harry. I am not real happy working with Old George again, we have never gotten along well together. I'm glad to see Jack is back this year. He is a silver-haired pleasant talking beanpole. Tonight he told us about the Columbian Exposition in Chicago this past May. Jack said he saw a machine that played music from a revolving disc, and a little box called a kinetoscope which shows moving pictures on the inside. He also rode on a marvel called a ferris wheel and ate something called a grapefruit which didn't look like no grape he ever saw.

Feels good to be back in camp (there will be more next week).

## GARDEN Help For Gardening Problems

So you won't repeat the problems this year, specialists offer the following advice on the causes and prevention of common garden problems.

If your seedlings die shortly after they emerge, chances are you planted in cold weather. The situation can be avoided, the specialists say, by planting treated seeds in warm soil.

Your broccoli will flower before the heads mature if the plants have been stunted by poor growing conditions. The same problem can occur if the plants are set out too late in the spring.

Splitting cabbage heads are more likely with certain varieties. However, heavy rains after the heads are almost mature often will cause splitting. To reduce the splitting, twist or pull the cabbage

heads to break some of the roots and diminish the water supply.

Common causes for bitter cucumbers are old plants, low fertility, drought conditions and high temperatures. To help prevent the bitterness, maintain adequate moisture, mulch and fertilize properly.

Poor taste in cantaloupes is caused by too much water during the last week of growth. Avoid watering the plants just before you harvest them.

If your tomato plants flowered without setting fruit, it is likely that the plants were exposed to fluctuating temperatures as they were growing. Night temperatures below 60 degrees and day temperatures above 90 will keep the plants from setting fruit.

## Resource Review

By Bruce Patrick  
Conservation Officer

The other day, as I sat in my home and watched a wild turkey hen with eight poults feeding in my yard, I had an opportunity to reflect on the wildlife management success story they represent.

Historically, turkeys were found only in southern Michigan when they disappeared in the 1800's. Then in the last 30 years or so, a program to reintroduce them into Michigan has led to large turkey flocks throughout the state, even in the Upper Peninsula.

This success reflects upon the wildlife managers whose forethought and efforts brought the turkeys from other states to repopulate ours. It also reflects upon scores of landowners, farmers, club members, and other concerned people who have been willing to bear the cost of feeding

these birds throughout the winter months. This has been necessary because most of Michigan does not have suitable winter habitat to support wild turkeys without artificial feeding programs.

And, finally, this is a success story for the sport hunter of this and other states. After all, it was their money and encouragement which enabled us to reintroduce the wild turkey and work to increase the population to the point where Michigan now furnishes birds to

other states and Canada for flock establishment in those locales. In fact, in some places, the turkey population has grown large enough to become a nuisance.

When you hear someone talk about hunters as people who don't care for animals, remember what they have done for the wild turkey in Michigan. Also remember what they do for non-game and endangered species. No one else pays to protect them and enhance their survival.

## Parade Draws 100 Entries

The Grayling Milltown Festival, which runs July 27-30, offers a variety of events, from the AuSable River Canoe Marathon to the Fine Art and Country Craft Show, from Heritage Day to Children's Day, from the Quilt Show to the 10K Run.

One special highlight of the festival which brings out hundreds of spectators is the Annual Milltown Parade, held at 3:00 p.m. on Saturday, July 29, and sponsored by the Grayling Promotional Association (GPA).

The 1989 Milltown Parade theme is "The Sound of Music." To carry out this theme, Crawford AuSable School District Band Director Dennis Ormsbee has been chosen to be the Grand Marshal. Dennis is responsible for building the school district's instrumental music program to the high level it enjoys today and his middle school and high school bands have won a variety of honors at district and state competitions.

The GPA has approximately 100 entries in this year's parade, some of them from other places. The Domino's Pizza Poles from Ann Arbor will pull an authentic looking minihitch. The miniature horses will also be on display at Mercy Hospital from 10:00 a.m. to 2:00 p.m. and again after the parade on Saturday.

People are welcome to see the horses, all named after pizza toppings, pet them and have their pictures taken with them. After getting a close look at the mini horses, festival goers can stop for a snack at a concession stand run by the Mercy Hospital Auxiliary.

Also appearing in the parade and at other times are the 5th Michigan Regiment Band and the 7th Michigan Infantry Company. Both groups will recreate dress, music, instruments, weapons and camps from the Civil War era.

The 5th Michigan will perform 19th century music at Ray's Canoe Livery before the start of the marathon on Saturday evening. The 7th Michigan will set up an authentic 1800's camp at the City Park from Friday to Sunday. There they will demonstrate cannon and musket firing on the half hour throughout each day.

The Vietnam Veterans of America, Chapter 211, from Traverse City, will also march in the parade and perform drill exercises using M-1 Grand rifles with bayonets. The Vietnam Veterans, along with the 5th Michigan Regiment Band and the 7th Michigan Infantry Company, will participate in the Sunrise Worship Service, held Sunday, June 30, at 7:30 a.m. in the City Park.

The Sault Ste. Marie Pipe Band will provide bagpipe and drumming music for the parade. This championship band was organized to pass on its skills, dedication and traditions to younger generations of musicians and listeners.

The GPA will be awarding trophies to winning float entries for the first time since it began sponsoring the event four years ago. Floats will be judged before the parade begins. Then ban-

ners, purchased with funds donated by local businesses, will be carried by two people in front of the winning entries so that spectators will know which floats won each of the different categories.

Also for the first time this year, the GPA will have printed programs available for parade spectators. The backs, printed with coupons for Timber Rapids Adventure Golf, can be redeemed anytime during the rest of the 1989 season.

An entire block for handicapped and senior citizens to watch the parade will be designated and roped off in front of the Michelson Memorial Methodist Church on Michigan Avenue.

Parade announcer George Stancil will be stationed in a new spot on the top of the Rialto Theatre marquee. Co-announcer Wayne Hindmarsh will broadcast from the front porch of David and Sherry Sabin's home on Michigan Avenue.

All Parade participants will line up on both sides along the entire length of Lake Street. The parade will proceed from Galen Street onto Michigan Avenue in front of Mercy Hospital, continue down Michigan, make a right onto Peninsular Street, and end at Lake Street.

The GPA, known for its careful preparation and good organizational skills, asks that parade participants follow certain safety precautions. For example, nothing can be thrown from moving vehicles, but people can walk along side to hand out candy, pamphlets or souvenirs to the crowd. There will be two officials on every block to keep spectators behind the ropes and out of the street, where they could be hurt.

The co-chairpersons of the 1989 Milltown Parade are Betty Bennett, Rose Duley and Donna Thomson. Committee members include: Joyce Bourrie, Sherry Hanson, Mary Jane Knibbs, Mo McNamara and Gerry VanSickle.

## Civil War Company to March

The 7th Michigan Volunteer Infantry B, recreating a unit originally mustered during our country's Civil War, will join the annual Milltown Parade, to be held on July 29.

Forty-five members of the 7th Michigan, dressed in the garb of the Civil War, will march in the parade with the 5th Regiment Band, also a unit originally from the War between the States.

The 7th intends to set up an authentic 19th century camp at the City Park from Friday through Sunday afternoon, July 28-30. They will fire cannons and muskets every half hour throughout the day, as well as demonstrate camp life and drills.

Chapter 211 of The Vietnam Veterans of America, from Traverse City, will also march in the Milltown Parade, scheduled to begin in front of Mercy Hospital at 3:00 p.m.

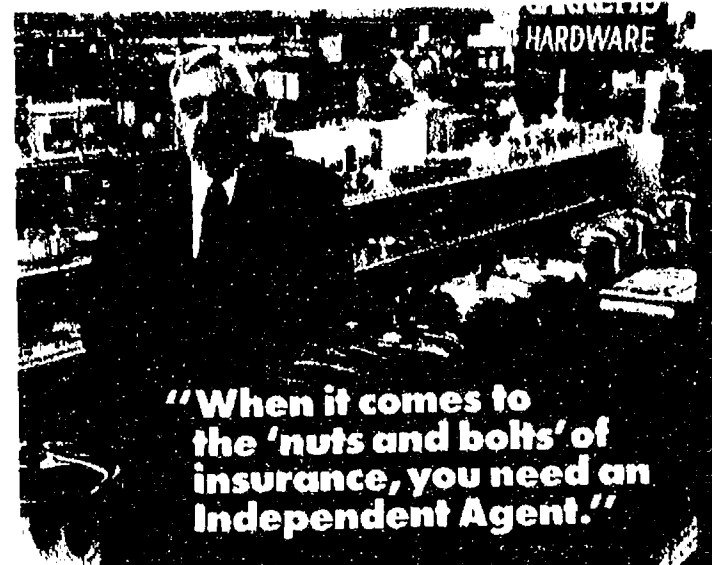

The color guard and drill team originated four years ago to

familiarize the residents of surrounding counties with Vietnam veterans. The drill team performs with M-1 rifles with bayonets, which they say is unique to most marching units in the U.S.A.

Both the 7th Michigan and the Vietnam Veterans have

performed in many parades, festivals and demonstrations throughout Michigan and other states. These two groups will join the 5th Michigan Regiment Band to participate in the annual Sunrise Worship Service, Sunday, July 30, at 7:30 a.m. at the City Park. A chaplain from

the Volunteer Infantry Company will perform the service.
